

THE NEXT CHAPTER BEGINS.....

THE FRUGAL NOMAD

HITCHHIKING FROM ARGENTINA TO PANAMA – 4541 MILES

Tired of traveling “inside-the-box?”

This trip is like no-other offered. You will travel side-by-side with a verified travel pro as he hitchhikes across the continent of South America.

Hitchhiking, sleeping in abandoned structures, accepting invitations from random locals to their house for dinner, staying in hostels occasionally, living outdoors.... If the thought of never knowing where exactly you are and having no clue what is going to happen next is getting you excited....

THIS IS YOUR ADVENTURE!!

I want to do things and host adventures no one else is doing! The true “take-away” from this trip will be our relationship with ourselves that we strengthen through both internal and external exploration.

ORGANIZED BY - J. CURRIE: In 2014 he left the corporate grind and set out on a three-year adventure to travel the world.
